Bank Holiday Operating Hours & Liberation Day in the Netherlands

Dear Business Partner,

On **May 5**, we celebrate Liberation Day in the Netherlands. Once every five years this is an official day off, and this year it is. That is why we already want to inform you that all branches of Thermottraffic B.V. in the Netherlands will be closed on that day, and we will have limited operational accessibility.

For the sake of completeness, we would also like to inform you that on this day the Dutch Veterinary Authorities will not be performing any services at our BCP's in het port of Rotterdam meaning no checks will be executed this day.

Apart from this, our offices and cold stores in the Netherlands, including the BCP's in Rotterdam, are closed during the following upcoming Bank Holidays:
